The University of Wisconsin  
Department of Genetics  
Madison 6, Wisconsin

Dear Joshua,

Here is an outline of some recent crazy ideas I have had. As you see, it is dangerous to get me started in microbiology - I get too many cock-eyed ideas. I may even feel tempted, together with Bob deMars to fool around with such kind of 'atomic explosion' just for the fun of it. Your criticism is greatly needed.

Sincerely,

Herman M. Kalcker
